

level 2 training is designed to support all staff working directly with pupils with autism in all types of educational settings for 5-16 year olds

Attending Level 2 Training will:

- ✓ Enhance your knowledge and understanding of good autism practice.
- ✓ Give you practical examples, ideas and strategies to use with the young person you are working with.
- ✓ Provide you with the tools to evaluate your own knowledge of autism
- ✓ Qualify you to submit a portfolio, showing how you have used what you learned to develop your practice, for consideration for an additional AET Portfolio Verification Certificate.

What will you cover on the course?

The course is delivered face to face over 1 day either within your setting or as a centre-based course to give you the opportunity to network with network with colleagues. It covers the 4 themes below, is built upon the AET Autism Education Trust Professional Competency Framework and uses film, discussion and exercises including the voice and perspective of people with autism.
