

Why school is different

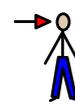

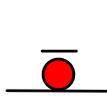

School is different at the moment. This is because of the

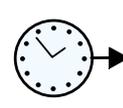

coronavirus. To keep everyone healthy, some children and some

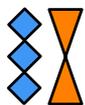

adults will not be coming to school.

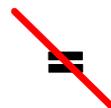

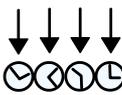

Emmanuel is still coming to school. This is okay. He may

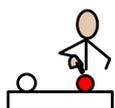

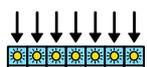

feel worried because school is different. It will be

different for a while.

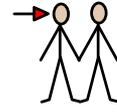

Some of Emmanuel's regular adults are not at school

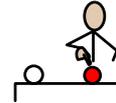

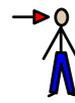

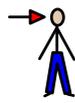

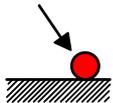

every day. This is okay.

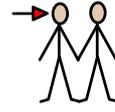

If Darren or Mr Smith aren't in Emmanuel will be

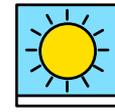

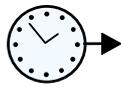

kept safe by the other adults who are in school. They are

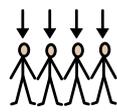

there to help him and look after him. This is a

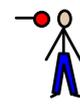

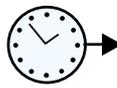

good thing. Emmanuel can ask them for help.

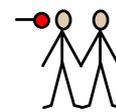

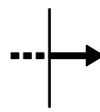

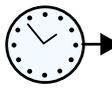

There will be fun activities to do each day at

school. When everyone is healthy again the other children

and adults will return to school. Emmanuel and his

friends will then continue with their learning.
